Email security and best practices.

Hello, everyone, I will be starting some tech tip videos for all to see. I can't wait to help out our community with Information technology and security awareness.

This video is a little long, but explains about email security and fraud and what to look for to protect your business!

How to setup a secure

password and remember it.

Do you sometimes get frustrated on setting up passwords and forgetting them, so do we!

Mountaineer IT has created a short video on some good ways to setup a memorable and secure password.
